AG GROUP
BUILDING SOMETHING NEW

Atithi Gokul Group (AG) is a conglomerate of companies founded in 1996, originally known for its highly successful multi-cuisine restaurant and clubs in Ahmedabad. Over time, driven by their achievements, Atithi Gokul diversified into various business ventures, aiming to establish a lasting legacy. Their interests spanned multiple industries, including Security Services, Manufacturing, Charity Foundations, and Government Construction Contracts, as AG worked tirelessly to create an expansive empire. Their vision was to leave an enduring mark through their expertise in gracious hospitality and philanthropic endeavors.

In 2020, a plethora of opportunities unfolded before AG, thanks to favorable circumstances and support from the Gujarat Government's new policies on high-rise building construction. Seizing this auspicious moment, AG ventured into the world of real estate, establishing a new entity under the name ATITHI GOKUL CONSTRUCTION LLP. This subsidiary of the AG Group specializes in providing end-to-end services in the real estate sector, offering services such as project consultancy, project management, site development planning, supervision, and building maintenance and repairs to its valued clientele.

Today, ATITHI GOKUL CONSTRUCTION LLP embarks on a journey to
